1. 2005 Road Work: Wren and West McMillan need to be redone. Dave Rogers spoke about the job. We would remove the temporary filler that was laid, in the fall of 2004. It would be replaced with 6" of granite and 3" of asphalt. Adding two-foot shoulders, this road should need no major construction for 20 years. We would use the wood county 50/50 money to complete this job. Estimated cost is around \$100,000 to \$120,000. Crack sealing: Long Asphalt has sold to Bergman, they have offered to complete the list of required roads that we had last year for the same price of 1.08 per pound. We also need to place a guardrail at the intersection of Wren and West Ives. 2000 Yds of granite, and look at the back lot of the garage. The River Edge turn around also needs to be completed this year. Motion made by Wayne Rasmussen to have Wren Road and West McMillan done by the county, seconded by Dick Thomer. Motion carried
